

Autobiography (PowerPoint)

You must include slides on the following topics:

1. Title = My Life Subtitle= Name

2. Baby Information (Where & when were you born?, who was there?, size, your 1sts, etc.)

3. Physical Description (Height, Eyes & Hair Color, birthmarks, etc.)

4. Parents (Names, personality, Birthdays/Ages, Jobs, etc.)

5. Siblings (Names, personality, Birthdays/Ages, like them or not and why)

6. Grandparents = (Names, Birthdays/Ages, Jobs, etc.)

7. Childhood Memories (Holidays, Events, Birthdays, etc.)

8. Family Background (Ethnicity, family history =where from?, fun facts about relatives)

9. Elementary School (Names, who/what like best and why?)

10. Middle School (Names, who/what like best and why?)

11. Friends (Names, Birthdays/ Ages, know how long?, why friends with them?)

12. Hobbies/Sports (collection, how long, why do)

13-15. Favorites = You can select what 3 different favorite things you want these 3 slides to be about! ☺ Ideas?
Food... Place

16. Career (Name, education needed, why that career?)

17. My Future (married, kids, where do you live?, etc.)

- Use Two Content layout for all slides except title (**Home → Slides → Layout**)
- Each slide must have 4-5 bullets (**Home→ Paragraph→ Bullets**) font size should be 28 or greater
- Use any font **type** (that is readable) and font **color** you want (**Home→ Font**) Font **size** of titles should be 10 or greater than your bullets
- 25 words **max** per slide!!!
- Add **at least** 1 picture per slide (**Insert → Online Pictures**) Personal pictures = Extra Credit
- Give each picture a Style (**Format→Picture (Quick) Styles**)
- Change design background (**Design→ Themes**)
- Use **transitions** between ALL slides (**Transitions**)
- All bullets and pictures must have animation effects = **entrance**, **exit**, motion, or **emphasis** (**Animations → Animation**)
- One slide must have **detailed custom animation** of 10-15 steps
- Create picture **hyperlinks** on title slide (**Right click on picture → Hyperlink**)
- Create Home **action button** on other slides (**Insert → Shapes → Action Buttons**)

For extra credit: add 2 NEW slides
